

Permission to Sell from Spoken Language International

To Whom It May Concern:

Spoken Language International permits anyone to copy compact discs (CDs) or printed lessons of our *Spoken English Learned Quickly* course from our website **www.FreeEnglishNow.com**. Furthermore, we encourage these individuals to sell this material (including CDs, the *Student Workbook*, the book *Learning Spoken English*) or teach English classes without paying any money to us. They may keep all of the profit for themselves.

We permit this unusual arrangement for two reasons:

1. We want to help others around the world learn English if that will help them earn more money.
2. The least expensive way for **www.FreeEnglishNow.com** to advertise our website is let others copy and sell our CDs.

Therefore, the person presenting this letter to you has our permission to use *Spoken English Learned Quickly* for his or her own profit according to the *Terms of Use* posted on our website. Our *Terms of Use* requires only that our material may not be changed nor may it be posted on another website.

Because of the large number of people selling our material, we are unable to provide individual signed copies of this letter.

Please log on to our website if you have more questions.
